President's Report 2012/13

1. We know we are 51 - thanks again to Oon Tat & Gabriel, 61 if from first meeting of our august founders. We celebrated our 50th anniversary on 25th May 2012 with a talk by current HM, respected educationist Jalil Sa'ad, the first old boy to helm the PFS after many years. The school is in serious need to improve standards.
2. www.ofa.sg continues to be current under Jeff's careful stewardship. A website is vital, going forward: (i) updated contact list (confidentiality feature), (ii) records of old frees & past events and (iii) details of upcoming events/on-line registration.
3. Despite no necessity, Gabriel continues to snail mail notices to seniors and Teik Kooi continues to keep proper accounts, keeping a separate Life Members account.
4. I will present a pictorial report, most of which is already on our website. I am glad to report the Dr Wu Lien-Teh project has come to fruition, with an international society, based in Penang. Check out www.wulientehsociety.org.
5. I attended the Penang Economic Conference 19-30 June 2013, very informative and enjoyable (Sadler Well's SUTRA wu-shu). Past Minister George Yeo also delivered an illuminating address. Took time to also attend PFS Carnival 2013, visit the new OFA Queensbay as well as meet President Saw & MC after their meeting at OFA.
6. What can you do? Give feedback / ideas and keep your contact details current. Give support by attending functions, getting a group like class reunion, pay in advance as that would help in logistics and link with OFAS and www.ofa.sg.
7. Hopefully, more will contribute to become life members so that we can achieve our objective of CTB "PFS Alumni as part of the Fabric of Singapore". Kheng Hock and others have been helpful to stitch this together. Gabriel will report on its progress.
8. We thank VP Hock Leong for tonight's arrangement. A printed copy of this and the Harbin and LKCSOM reports are on each table for your reference.

FORTIS ATQUE FIDELIS!
