

# The Penang Paradigm Seminar

July 9, 2013

Ballroom 3, Orchard Hotel, Singapore

Today, more and more globally renowned MNCs have made Penang their base in Asia. With a vision for holistic progress en route to “a balanced society” towards year 2023, the Penang State Government recently launched the Penang Paradigm – a 10-year development blueprint, which aims to propel economic growth and the well being of Penang by focusing towards 3 main systemic properties: economic dynamism (ED), liveability and sustainability (L&S), and social development and inclusion (SD&I). Join this interactive talk to know more on this paradigm, the investment opportunities in Penang and the stories of three successful MNCs which made Penang home.
